PROJECTS

Logic Education Software

<http://coreymcgrath.space/logictools/>

I am currently writing software that provides a suite of formal logic education tools, using HTML, CSS, and JavaScript. The first completed tool evaluates a string for whether it obeys propositional logic syntax.

SKILLS

Public speaking, writing, editing, education.

HTML, CSS, JavaScript, WordPress (including WP-specific PHP).

Some Drupal experience.

Microsoft Office 365.
